

BOOKING INFO

You can confirm a booking for a hunt by including the following:

1. To insure your hunt is firmly booked we require a deposit of 50% of the cost of your hunt. This can be made by mailing a check to the address as indicated, or with a money order.
2. Phone in or enclose a note that includes the number of clients in your group that wish to hunt and which species each hunter wishes to hunt. Be precise.
3. I need one complete name with address and phone number so we have a contact person. For insurance purposes the disclaimer and waiver must be signed and received. When this deposit and information is received, we will confirm your booking.

Deposits can be made by personal cheque. Final payments upon arrival must be made in cash, travelers' cheques, bank drafts or money orders. Personal cheques will not be accepted for final payment.

HUNTING LICENSES; you are responsible for the purchase of your hunting license, tags, Wildlife Identification Number.

TRANSPORTATION; you can find us on this map of Alberta. The best route is to Edmonton, to High Level. We are about 8 hours north of Edmonton, and 45 minutes east of High Level.

Rental vehicles are located at every major airport (Avis, Budget and Tilden).

For those of you flying by commercial airlines, contact your travel agent for flights into our capital city Edmonton, then a connecting flight to High Level.

IMPORT REGULATION; Contact your countries Fish & Game Department to obtain up to date information on regulations. Check with your local authorities for import regulation into your country and any country you may be traveling through. Remember- Export permits may be required for each country you leave.

HUNTING CAMP; our base camp consists of constructed wall tents used as sleeping quarters. Each building has 2 single beds with foam mattress, a light, and a basin for washing. A portable shower is also available. "Bush Tent" camps are placed in areas where the game animals are.

Our kitchen, with a cook, supplies a hearty breakfast before our hunt and a huge supper when we return at the end of our day. We hunt all day and do not wish to return to camp, so mid-day lunches are in the field. Our comfortable hunting camp is built for hunting

purposes. Please remember the Fall Moose Hunt is in a wilderness setting with very few modern conveniences.

For the most part, our hunting terrain is flat land. We have a mixed forest of pine, spruce, aspen, willow, alder and buckbrush. Generally, we leave camp with argos and drive to the active hunting are. Have tall boots handy as our terrain includes many muskeg areas to cross. The month of May generally offers warm spring temperatures, ranging from 60 – 70 degrees F. (or 15 – 22 degrees C). During the fall season September should average 50 – 70 degrees F (10 – 22 degrees C). October temperatures may be 32 – 60 degrees F (0 – 15 degrees C). Early November could be -15 to +40 (-10 to +5). If you have room bring extra clothing just in case
